

## Nordic House 2017 - Participating Artists

We agreed that the exhibition space could carry about 90 works. It was decided in cooperation with the Nordic House, that approximately 1/3 would be selected from the Icelandic works, 1/3 from the other Scandinavian works and 1/3 would be from Wales. The final selection comprises 95 works.

The Welsh entries were selected by the Royal Watercolour Society of Wales. 20 Welsh artists sent 33 works to the exhibition.

Representatives from the Nordic House and the organizing committee in Iceland selected the artists to be invited from the Nordic countries (other than Iceland). These artists were asked to submit up to 8 digital files to the curators, knowing that one or two of them would be selected for the exhibition. 21 artists from Denmark, Finland, Norway and Sweden were invited. They contribute with 31 works to the exhibition.

In Iceland all members of the Nordic Watercolour Society were encouraged to submit up to 8 digital files to a jury which selected which artists were to participate. Due to the large number of Icelandic entries, it was decided that the jury should choose only one work from each of the selected artists to enter the exhibition.

Curators for selecting the Nordic works and jury for selecting the Icelandic entries were Derek Mundell (Iceland), Karin Keane (Norway) and Marianne Gross (Denmark).

We are printing a catalogue containing one work from each artist. News of where and how to buy this will be published later.
